- **Grubhub**
- **Postmates**

Dear valued customers:

Vaso's restaurants have been serving loyally our Alexandria community for more than 15 years and we are committed to continue serving you with the same dedication and respect that has always characterized us. We are looking forward to serve patrons to the highest standard of food safety and cleanliness during these difficult times and keep performing for you now and beyond this unprecedented period.

In addition to our original menu, we have created a cost-effective family focused catering menu filled with all of our always great and authentic dishes, all freshly prepared and professionally packaged. We are also offering artistically inspired and crafted cocktails made with premium liquors & garnishes, select wines and beers all available for curbside pick up or delivery to help better accommodate and support our community with additional food options!

Sincerely,

The Vaso's Mediterranean Bistro | Bar & Lounge, its owners and team.
